

The Federal Communications Commission  
445 12th Street, SW  
Washington, DC 20554

Dear The Federal Communications Commission,

I'm will be loosing my home to a third party that bought up my back property taxes just to steal my home. The morgage is paid off. My property taxes are 90% for the schools. I have chronic Lyme Disease on the brain and can not work. I have to borrow money from family just to heat in the winter due to the cost of heating oil. There is NO help what so ever for people like me. The last thing I need is more taxes.

The flat-fee Universal Service Fund proposal is unfair. I urge you to oppose this plan. I am one of the millions of consumers that will be unfairly taxed at a higher rate under the flat fee plan. The flat-fee would mean a tax hike for people like me -- consumers that use prepaid cellular phones or make few long distance calls.

I support the Keep USF Fair Coalition, and monitor this issue on their website. Stopping the flat fee tax is important to my family - not to mention my pocket book. You will hear from me again, until this issue is resolved fairly! The flat-fee is unfair, and un-American.

Under the flat fee proposal you are considering, people who make few long distance calls would pay the same as people or businesses that make many calls. In other words, low-volume and primarily residential customers would bear the same universal service fund burden as high-volume residential or business customers. I urge you to reject this flat-fee proposal.

I have no idea what this flat fee thing is, but if it hurts me, no thanks. I have all the pain a human can take.

Thank you and send donations if you really want to help. I ran out of personal items to sell to keep my family warm and fed.

Sincerely Joseph A. Boyer 106 Musconetcong River Road
